Forecast For Highland & Eilean Siar
Issued by Met Office Aberdeen
at 0400 on Friday 29 Oct 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Mainly cloudy with outbreaks of rain. Drier along west coast.

Today:
Largely cloudy with outbreaks of rain, heavy for a time in the east. Drier and brighter towards the west coast but a few showers will affect the Hebrides. Perhaps becoming drier elsewhere later in the afternoon. Maximum temperature 12 deg C (54 deg F).

Tonight:
Rain in the east will soon clear then dry with clear spells. Turning chilly in the glens with patchy mist and fog. Rain will then spread north again later. Minimum temperature 2 deg C (36 deg F).

Saturday:
Rain in the morning will clear away north followed by bright spells and blustery showers in the afternoon. Breezy across the northwest. Maximum temperature 11 deg C (52 deg F).

Outlook for Sunday to Tuesday:
Unsettled with further spells of heavy rain or showers on Sunday and Monday. Turning somewhat colder with sunshine and showers on Tuesday. Windy at times.
